

**ARIZONA HEAT ELITE'S  
SPECIAL NEEDS CHEER TEAM**

# "INFERNO"

Arizona Heat Elite's special needs cheer team is ready to begin its 8th year! Inferno team members are taught all the same things a typical cheerleader learns, but at a modified pace and with less difficulty.

Inferno will perform their routine at Arizona Heat Elite sponsored cheer competitions in December and February.

Parents and coaches agree on what a wonderful opportunity this is for their kids. Inferno team members learn to focus and follow instructions, improve physical coordination, and develop confidence. They also learn to interact with each other along with the coaches and team helpers.

Arizona Heat Elite provides a positive, safe, and encouraging environment for our special needs athletes. Join us today and see how rewarding and fulfilling being on the Inferno team can be for you!
