

TRYOUT GENERAL INFORMATION LETTER

First of all, we want you to know how pleased we are that you are interested in trying out for the 2011-2012 Arizona Heat Elite Competitive All-Star Program. We are in our 14th year with the Arizona Heat Elite and have more national championships than any other all-star competitive cheerleading program in the state of Arizona. Even more importantly, we have had the opportunity to build character, teamwork, and life skills in more than three-thousand students since our conception in 1997. Arizona Heat Elite was the first all-star competitive cheerleading program in the state of Arizona and is know throughout the country for teaching and impacting lives with high standards, strong expectations, and disciplined training.

The tryout process for the Arizona Heat Elite Competitive All-Star Team is taken very seriously because of the time and the commitment needed for this sport. This is a year long commitment by not only the team member, but also by the parents. Even though the commitment is hard the payoff is worth it. You will see your student develop not only skill, but also character that they never knew they had inside of them. You and your child will develop friendships and memories that will always be a part of your life. You will find a family waiting with open arms to welcome your family to be a part of ours.

Enclosed you will find information regarding tryouts. We are thankful that God has brought your family to be part of the Arizona Heat Elite and the Aspire Kids Sports Center. We consider this a blessing and a honor to have you join our program.

Sincerely,

Jason and Krystal Mitchell
AZ Heat Tumbling and Stunt Teams
